

April 29, 2011 Website <http://stthomasehc.org>

You may be looking at this newsletter for the first time on our website and you may be asking, "What is St. Thomas Early Learning Center all about? Should I choose this school for my young child's first school experience?"

Let me attempt to share WHO WE ARE with you in these glimpses into our classrooms, our outdoor spaces, our teachers & staff, and our most precious feature: OUR CHILDREN!!

If I can answer any questions for you, give me a call in our school office at 979-696-1728. I look forward to visiting with you!

Shout "Alleluia!!" We rejoice at Easter!

Our Mission

As a Christian school in the Episcopal tradition, we worship and learn of God in Scripture and nature, as well as through our common humanity. St. Thomas Early Learning Center seeks to make each year so rich and full that growth and progress are truly appropriate to the age and individual.

Every classroom has a garden. We grow carrots, potatoes, and sometimes pumpkins!

We welcome our parents to come to our school and share their experiences. Shown above is a parent teaching the children to measure a horse's height with "hands".

Our teachers do a lot of "watching". We observe children as they learn by playing and interacting with their classmates.

We are a "Nature Explore" school. Visit the website to learn more about the importance of nature exploration at St. Thomas Early Learning Center

We have a beautiful school, both inside and outside filled with smiling teachers & smiling children!

St. Thomas Early Learning Center has been a developmental school for young children for over 45 years. We have the experience you can trust to care for and teach your children beginning at age 3 through their Kindergarten year.

Our children are given many rich experiences through field trips, service projects, drama, art, music, and creative learning opportunities in the classrooms...too many to mention in this brief newsletter.

Come for a visit to see why we love our gentle school !!
